

Expanded PTFE Gasket Material

Today with the introduction of reasonably priced **Expanded PTFE sheet gasket materials (EPTFE)**, one material can solve a great majority of the gasket applications out there. Gaskets cut from EPTFE are good for both hot applications to 650°F (peek) 500°F Continuous and cryogenic applications. So whether hot or cold you're good. Gasket material inventories can be reduced by eliminating all the various styles required for an industrial plant.

EPTFE Gasket Material Pricing Chart*

Order	Item #	Sheeting Size and Thickness	Price/each
Quantity (1)	ES-1212-1250 EPTFE Piece	12"x12"x1/8"	\$156.64
Quantity (1)	ES-1212-0625 EPTFE Piece	12"x12"x1/16"	\$92.80
Quantity (1)	ES-5959-2500 Expanded PTFE Sheet	59"x 59"x1/4" 6mm	\$4,180.00
Quantity (1)	ES-5959-1250 Expanded PTFE Sheet	59"x59"x1/8" 3mm	\$1,716.00
Quantity (1)	ES-5959-0625 Expanded PTFE Sheet	59"x59"x1/16" 1.5mm	\$968.00
