

Viton Gasketing Sheet

This gasketing sheet is perfect for gasket cutting, flat seals, door seals, and industrial applications. Standards are in stock or custom manufactured to your specifications. Viton® is a high tech. elastomer designed for extreme heat, oil and chemical resistance.

Viton® resists aliphatic aromatic and halogenated hydrocarbons, concentrated acids, alkalis, animal and vegetable oils.

Viton Gasketing Sheet Specifications

Property	Value
Max Temperature (continuous)	350°F
Max Temperature (intermittent)	400°F
Pressure Limit	800lbs. @ 400°F
Durometer Hardness	72 Shore A
Tesnile Strength	1285 PSI
Elongation	286%
Specific Gravity	1.88
Finish	Matte
